Professional and Superintendent - We work with both for convenience, savings, and the best course and clubhouse solutions!

COUNTRY CLUB at MIRASOL, Palm Beach Gardens, FL

It has been great working with Golf Sign and Design for the past few years. Tom Eubank is very professional and knowledgeable and his company has always given us terrific service. We currently use quite a few of their products and I would highly recommend them for any of your course marketing or signage needs.

ROGER KENNEDY, Director of Golf

Golf Sign and Design, led by Tom Eubank, has completely separated itself from other vendors and suppliers in this space; course measurement, tee and fairway yardage plates, sprinkler yardage caps and even drone video hole flyovers. Golf Sign and Design will meet or exceed your expectations, with innovative products and technology.

Michael Thomas, Director of Golf Maintenance

Furniture - Patio Tables

Our facility went through a clubhouse expansion and renovation in 2021-2022. Part of that renovation was an expansion of our patio and all new patio furniture. We looked at many different patio sets from many different companies. Then in January 2022, we met Tom with Golf Sign and Design at the PGA Merchandise Show. We were absolutely thrilled with the quality of their patio furniture and invited them to bid on our project. Golf Sign and Design was our low bidder, and it wasn't even close, as they saved us about 1/3 compared to the next closest bid. We selected Golf Sign and Design for our project and that was a great choice. Tom and his team at Golf Sign and Design were fabulous to work with throughout the project. We received our patio furniture in May 2022, and we absolutely love it and so do our customers. I would highly recommend talking with Tom and his team if you have any outdoor furniture or on course needs.

Belfair, Bluffton, SC

Recently, Belfair needed to update our course furniture for our Practice Range and Starters. We ended up selecting Tom Eubank and his team at Golf Sign and Design. The personalized service and attention to our needs I received were as good as I have experienced in my career as a PGA Professional. Not only was the product outstanding, but the pricing was more than fair.

Thanks, Tom, and your exceptional team at Golf Sign and Design!

Golf Sign and Design came in and provided a proposal for us for our renovation that not only saved us money, but also kept us from having to hire 3 different vendors. They provided all of our furniture, including custom pieces, our signs for the course and clubhouse, our yardage books and they even measured our course as part of the package. I have received great service and always at a very fair price. I recommend Tom Eubank and Golf Sign and Design to anyone needing furnishings, signage or yardage guides.

Sign Solutions - Cast Bronze

Cast Bronze has long been the classic option for the discerning golf course. We have both the design skills and the casting warehouse to make your signs unique, attractive and at great pricing. **WHY?** Because we work on lower margins and intend to earn your business for life. We would rather count on a long-term relationship as your sign and marketing provider, than to try and capitalize on a one time sale.

We provide the best quality and price combination of any US company and all product is made here in the USA!

Sign Solutions - Cast Aluminum

We also can add your golf hole in either overhead version or in a 3D model of the hole.

Sign Solutions - Cast Aluminum

Cast Aluminum is sand cast the identical way bronze is cast, but is much lighter and, of course, has a different color and look. It may be the best fit for your club due to the lower cost and the long life it offers.

Face Painted Aluminum allows you to capitalize on the lower cost of aluminum while enjoying the look of bronze. We simply roll the raised areas in a gold paint and you have a classic look without the cost. You could expect to refinish these types of signs every 7-8 years. Wildcat Cliffs is 14 years running and they look great with no chipping or peeling.

Sign Solutions - Custom Tee Markers

Sign Solutions - Custom Tee Markers

We can create an entirely new pattern to make your tee markers both unique and attractive. And the majority of the time they price out well below your expectations.

We love to hear.... *"It can't be done"*. Several competitors said that about the Fiddlesticks Bagpiper to the left, but we did it and YES.... it is double sided!

Sign Solutions - Wedge Tee Markers

Wedge Tee Markers - These markers have long been the most popular ordered tee marker we sell and with good reason. Most important is they are attractive and easy to see from the cart path making tee choice a breeze for your members and guests. But here is the best reason: We blow away the competition on pricing on these wedge tee markers.

5.5" round or 4.5" x 6" oval in vertical or horizontal format.

Marketing Solutions - Yardage Guides

We love to brag. **Why?** We do what no other company is capable of doing. **SPECTACULAR!**

All design work, on site measuring and printing is in the USA (not India or the Phillipines)

RIVIERA COUNTRY CLUB, Pacific Palisades, CA

Golf Sign & Design (& Tom Eubank) has been a great resource in developing a 3D Yardage Guide that our customers desire. They have also created an economical way for me to keep the product fresh each year!

AMAZING - WOW - UNBELIEVABLE...

And that is just what our competitors say about us!

Marketing Solutions - Photo Books

We offer our photo books with a brilliant photograph of each hole beside the Ultra 3D graphic image of the hole. The end result is a souvenir that your guests will be proud to own and display on their coffee table at home. There is no better marketing piece than a photo book and we can photograph your course or you can provide the photography all at great pricing with NO hidden extras.

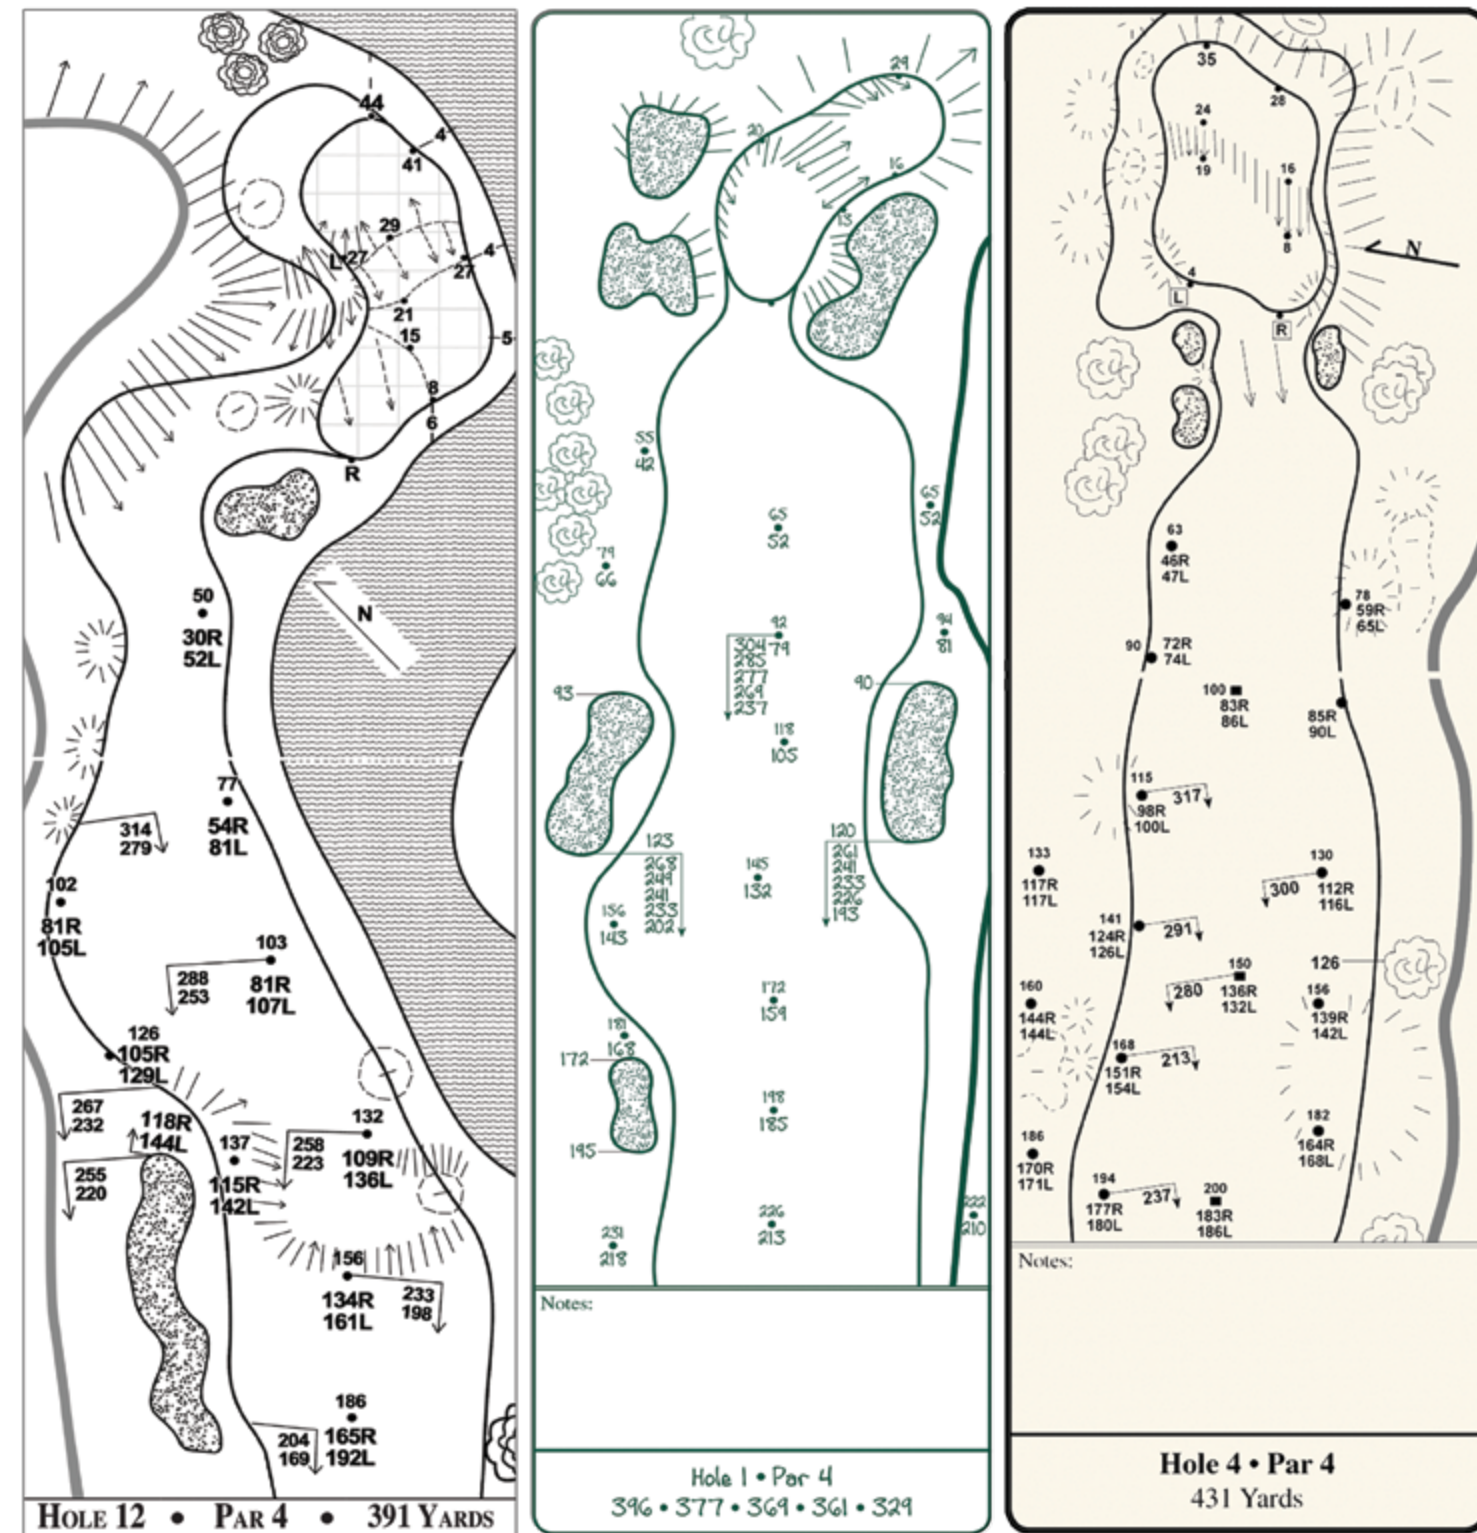

Marketing Solutions - Tour Style Books

TPC Eagle Trace, Coral Springs FLA

Jupiter Hills Club, Tequesta FLA

Le Triomphe CC, Broussard LA

Tom Eubank utilized his days on the PGA Tour and his drafting skills to create one of the best and most functional Tour Books in the country. Georgia Lucas, of PGA Tour fame, mentored Tom in his early days and shared some secrets for creating a book that the touring professionals will use and appreciate. Tom made the books for the Web.com Tour for over 20 years and has done 3 major championships along with hundreds of major tour events on 5 different tours. Let Tom custom design a tour book that is functional and beautiful that fits your needs.

We have worked on 5 continents doing amazing Yardage Books for our clients!

Marketing Solutions - Community Maps

Marketing Solutions - Brochures

When you go cheap... You never save money. It costs you your image and ruins a first impression. Let the experts at Golf Sign & Design work with you to create a great looking brochure for your club. From tri-fold brochures to full multi-page catalog style brochures, we not only offer high quality design, but great printing prices as well.

Marketing Solutions - Photography

To get a great shot on a certain hole.... often it is a 15-20 minute window each day.
106 Perfection requires patience and it shows in the photo above.

Marketing Solutions - Photography

Many holes require elevation for great photos. With a high quality drone it is now possible to get great photos without the high cost of a helicopter.
107

Marketing Solutions - Photo Retouch

Great Photography requires many things, but even great photographers can't control the weather. Many days are less than optimal due to haze, humidity, no clouds in the sky or excessive clouds among other factors. It can be frustrating!

The Good News?

With a great photo retouching lab we can take a ho-hum day and deliver SPECTACULAR!

Let us show you how you can get great photography without having to take out a loan:-)

GLENRIDDLE - WAR ADMIRAL

Drone Photos & 4K Video

No, this is not your average drone! We shoot giant format and 4K video.

When providing photography and video packages, we shoot hundreds of shots from the drone and from a DSLR on a ladder for the elevation needed to make photos great.

With the combination of both styles, you get amazing photography with a great variety for your website and marketing needs. Every hole on your course may not be great, but we can give you great photos for every hole!

If your course is in good to great condition we can offer you amazing drone footage either in a composite video or as an individual hole by hole flyover for the course. Throw in professional voice over and license free music for a touch of class that will enhance your website viewer's experience.

Architects Corner

Architects are brilliant. They make incredible golf courses all over the world, but they have one thing in common; very few can create 3D imagery of the designs they are proposing to the client. It is just not their specialty. But it is our specialty at Golf Sign and Design.

We work with many architects to make their vision come to life. They show us their CAD drawing, share with us some of their design features and “voile”... amazing 3D renderings.

The end result is an amazing presentation!

“Tom’s knowledge and understanding of the game of golf shows in the quality and artistry of his work. The projects he has done for us have turned out great!”

RICKY NIX, Architect - Ron Garl Golf Design

KIPP SCHULTIES DESIGN, Jupiter, FL

“Tom Eubank takes the concepts I create and puts them into a 3D format that I can present to my clients to show what the final design will look like. The details in the rock walls, trees, and elevation movements are exceptional. They always meet their deadlines and have been very easy to work with.”

KIPP SCHULTIES, Golf Course Architect

ARCHITECTS LOVE US - WE MAKE THEIR VISION COME ALIVE!

“When PB Dye called me and asked how quick I could be in Maryland to drive through his new project and turn around 3D renderings for Links at Perry’s Cabin, I said, “As soon as you can book the flight!”

We drove the dirt and he explained his vision, and 2 weeks later, we had renderings to show the owner.”

Tom Eubank,
Owner,
Golf Sign & Design

Golf Sign & Design takes the genius of the architect’s concepts and brings them to life before it is even built. The end result is beautiful imagery that can be used in marketing or just to show the client what the course can look like when completed.

P.B. DYE DESIGNS

“The Dyes have had a great long-term relationship with Tom Eubank and his work. We looks forward to working with him on all our future projects.

He’s The Best!”
